

REMARKS

Applicants' attorney acknowledges the courtesies extended by Examiner T. Richardson and G. Bensing in a telephone interview Thursday, April 3, 2008, in which it was indicated that, subject to additional searching, the claims as amended herein appeared to recite allowable subject matter.

Responsive to the Examiner's requirement for restriction, Applicants' provisional election to withdraw claims 25-33 without traverse is hereby affirmed.

The claims have been amended herein to correct obvious spelling errors.

Claim 1 has been amended to now recite that the at least one service provided by the DMA includes providing a supplies replenishment service. Support for this is found in the specification at page 50, at paragraph 0167.

Base claim 10 has been amended to now recite that the step of providing at least one core service includes providing an automatic billing service. Support for this is found in the specification at page 50, at paragraph 0167.

In view of the amendments made herein and for the reasons set forth above, it is submitted that the claims now patentably distinguish over the cited reference; and, accordingly, allowance of the claims is hereby requested.
